### Madame Tussauds Wax Museum Historic Restoration

The restoration of this National Historic Landmark, in cooperation with GTM Architects and The National Park Service, was given the 2008 AIA Award of Merit for Historic Resources. The project involved the complete restoration of the building roof, façade and vault space, and isolated repair of the wood floors.

During Construction

## Buchanan House Post-Tensioned Slab Garage Repair

The concrete and post-tensioned cable repairs and waterproofing of the Buchanan House parking garage was awarded the 2009 ACI National Capitol Chapter Award of Excellence in Concrete Repair and Restoration. The work included the repair of 322 corroded button-head post tensioned cables in the concrete slab by splicing the corroded sections with monostrand cables.
