

SK&A Announces New Positions

SK&A is very pleased to announce the appointment of Seth Rogge and Josh Woolcock to positions that will solidify our commitment to advancing the use of Building Information Modeling on all our projects.

Seth Rogge, PE **Director of Building Information Modeling**

Seth joined SK&A in 2004 as a project structural engineer and was promoted to Project Manager in 2007. A graduate of GWU, with a Bachelor and Masters of Science, Seth's experience includes such projects as the Ritz Carlton Residences in Baltimore and 300 New Jersey Avenue in DC. He has helped to spearhead SK&A's efforts in fully utilizing BIM and is in charge of maintaining standards, in-house training, professional outreach to other disciplines and team members, and general BIM-related consulting on SK&A projects. Seth is a member of the Revit Advisory Committee of the Revit DC Users Group and is active with Washington Building Congress.

Josh Woolcock, PE, LEED AP **Assistant Director of Building Information Modeling**

Josh joined SK&A in 2004 as a project structural engineer and holds Bachelor and Masters degrees from Penn State. In his new capacity he will assist in SK&A's BIM efforts, with a specific focus on SK&A's DC office, including training, consulting and outreach. His design work has included both new construction and major renovations to existing structures. Past projects include multi-story office buildings, above and below grade parking structures, mixed-use facilities, hotel and high-rise residential buildings, including such notable projects as Turnberry Tower in Arlington and the award-winning 55 M Street near Nationals Park.
